Examiner' s Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Felicity Groth on April 1, 2005. The purpose of the examiner's amendment is to correct typographical errors appeared as "amino" rather than "amino group", "said substituents" rather than "the substituents", and as "and" in the last line of the third 'wherein' clause. In addition and upon a further review of the claims, the term "said heteroalkyl" does not contain a proper antecedent basis, and thus has been deleted from the claims in the examiner' amendment as follows:

The claims have been amended as follows:

- In claims 1, 23, and 72, on line 1, counting from the line following immediately after the formula,
Insert -- group -- immediately after the word "amino".

- In claims 1, 23, and 72, on line 10, counting from the line following immediately after the formula,
